

# GAZA FAMINE IS IN ITS FIFTH & FINAL STAGE

## UN HAS ENOUGH FOOD TO FEED BUT ISRAEL IS NOT ALLOWING IT INTO GAZA ISRAEL BLOCKS 6,000 UN AID TRUCKS AS FAMINE REACHES THE FINAL STAGE

The United Nations has officially declared that famine in Gaza has entered its fifth and final stage. More than a million children are among the population trapped in famine conditions. Israel provides food to some but also continues to kill those standing in line for food. Muslim relief organizations are not allowed to bring in food supplies. An Al Jazeera reporter collapse due to hunger while reporting. UN is unable to feed its own staff while enough food is just a couple of miles away from Gaza to feed them for 3 months.

Do not be surprised when we journalists stop covering news here. I swear by God that today I could not get up from the hunger. There is no food. Even if someone has money, there is nothing in the market to even purchase.

We are all starving. We are all dying.

### YESTERDAY, IT WAS ANNE FRANK TODAY IT IS RASHAF IN GAZA

Yesterday, it was Anne Frank. Hiding. Hungry. Living in fear. Bombs and bullets all around her.

Today, it's 12-year-old Rashaf. Hungry. Fainting. Sick. No food. And Bombs and bullets all around her.

It took years for the world to learn Anne Frank's story.

But what's happening in Gaza—we know right now.

Please, call now. Call anyone who matters.

Call your leaders. Your clergy. Your media.

Ask them one question:

What can you do today to let food and water reach Gaza?

Call now. Save Lives.

# DOES YOUR PHONE CALL MATTER?

Yes. They do. It was your calls that forced 90 plus congresspeople to call for ceasefire, initially there were just three congresspeople who did that. It was your calls that encouraged America to airdrop ready meals on Gaza.

But just phone calls will not do. There must be dua before and after for God to open hearts of the decision makers to make courageous decisions despite the fear of Israeli lobby. And a phone call does not even take five minutes to place. Is it too much to ask?

## FORMER ISRAELI PRIME MINISTER CALLS ISRAELI 'HUMANITARIAN CITY' IN GAZA A 'CONCENTRATION CAMP'

A planned "humanitarian city" inside Gaza intended to hold hundreds of thousands of Palestinians would be a "concentration camp," former Israeli Prime Minister Ehud Olmert has warned.

Defense Minister Israel Katz said last week he had told the military to advance plans for the zone, which would eventually contain the entire population of Gaza. The area would be built on the ruins of the city of Rafah in southern Gaza, and once Palestinians enter the zone, they would not be allowed to leave.

"It is a concentration camp. I am sorry," Olmert told The Guardian newspaper on Sunday. "If they (Palestinians) will be deported into the new 'humanitarian city', then you can say that this is part of an ethnic cleansing."

## FAST IN SOLIDARITY WITH GAZA

Sound Vision and Justice For All team plans to fast twice a week in solidarity with the Gazans to strengthen ourselves spiritually. Palestinians in Gaza are dropping on streets due to hunger suffering from Israel's blockage of food and water. We invite you to do the same as well while we make special duas all day long for Gaza.

## 28 WESTERN NATIONS SAY GAZA WAR 'MUST END NOW,'

Twenty-eight countries including Canada, Britain, Japan and a host of European nations issued a joint statement Monday saying the war in Gaza "must end now" — the latest sign of allies' sharpening language as Israel's isolation deepens.

The foreign ministers of countries also including Australia and Canada said "the suffering of civilians in Gaza has reached new depths." They condemned "the drip feeding of aid and the inhumane killing of civilians, including children, seeking to meet their most basic needs of water and food."

"The Israeli government's aid delivery model is dangerous, fuels instability and deprives Gazans of human dignity," the countries said. "The Israeli government's denial of essential humanitarian assistance to the civilian population is unacceptable. Israel must comply with its obligations under international humanitarian law."

The Monday communiqué was signed by the foreign ministers of Australia, Austria, Belgium, Canada, Denmark, Estonia, Finland, France, Iceland, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, The Netherlands, New Zealand, Norway, Poland, Portugal, Slovenia, Spain, Sweden, Switzerland and the UK, as well as the EU Commissioner for Equality, Preparedness and Crisis Management.

## SEEK HELP WITH SABR & SALAT

That headline is a direct translation of the Quranic verse. We are frustrated that no one is listening. The frustration is real. But that is the reason Allah is asking us to strengthen ourselves spiritually through salat and remain persistence in our action with Sabr and endurance. God controls the world, we don't. But he will ask us what we did to find our path to jannah.

## ISRAEL'S AID DEATH TRAPS FOR STARVING GAZANS

Near-daily Israeli massacres at food distribution sites have killed over 1,000 since May. Survivors describe stepping over corpses to get their hands on a bag of flour: 'What choice do we have?'

These food sites are operated by GHF, a mysterious Israeli-American organization which forces Palestinians to walk miles to get food. Israeli soldiers and American contractors kill at will those in the food lines.

The Washington Post says: The GHF concept was born to support Israel's war effort and plan for Gaza's future.

Among those positioned to profit from GHF-linked contracts is a Chicago-based private equity firm, McNally Capital.

## ISRAEL IS BLOCKING 6,000 UN TRUCKS FROM ENTERING GAZA WHILE CHILDREN DIE OF HUNGER

The UN has plenty of food supplies within a couple of miles of Gaza border. It is enough, the UN says, to feed 2 million Palestinians in Gaza for 3 months. There are 6,000 trucks loaded and ready to enter. However, Israel is blocking food and water from entering Gaza. Muslim Americans have also donated millions of dollars to feed their brothers and sisters in Gaza. However, as the Islamic Relief president stated, they are unable to take those funds inside the occupied Gaza.
